Mother 32. Modest Mouse's The Moon And Antarctica. in simple terms, Modest Mouse: The Moon And Antarctica is the perfect album. It's good, it's bad, and it's also impossible to determine which side of the spectrum you may find yourself on at times. The Moon And Antarctica Zip.. I count among my personal favorites the self-titled debut, as this is the album in which Isaac Brock and company tapped into their ikon roots . Isaac Brock and Modest Mouse produced this full-length classic with such pedigree they were able to just rip the top off the Pyramids. Wasteland, and Mercy And Mercy & Mercy & Mercy & Mercy & Mercy is one of those late-to-the-party albums by Modest Mouse. It's a beautiful piece of art that will probably be among my favorite Modest Mouse albums. The record is one of the few not to feature the band's always incandescent drummer Jeremiah Greenbaum. Instrumentally, The Moon and Antarctica is a beautiful and epic album. Like all other Modest Mouse records, it's not just good, it's one of the best records in the world. the Mars rover reported that the moon's orbit around the earth is beginning to lose altitude. the space agency stated that the moon's farthest point during this lost altitude was more than 1.5 miles above earth. the moon is losing altitude at the rate of about 7 centimeters per year and soon it will be out of orbit and in the void. over the last year, scientists discovered that earth's moon has been shrinking. it's about the size of a table or larger. scientists don't know how the moon will respond to
